Classic Stainless Steel Jet Face Plates

Our factory installed Stainless Steel Jet face Plates add a refined elegance to your Jacuzzi® hot tub. The face plates enhance the natural beauty of water and create beautiful reflection of the LED lighting colors.

L Luxury Jet (5)

Benefit Provides a deep penetrating massage that is perfect for the muscles in the back and feet.

D Direct Jet (9)

Benefit Can be adjusted and directed allowing you to customize the pressure to your exact specifications.

M Mini Jet (2)

Benefit Provides a targeted stream of water that helps release tension in the larger muscle groups of the back. With a fully adjustable face, all body types can use this

P Pulsator Jet (8)

Benefit Has a fully adjustable face that provides a pulsating stream of water to soothe sore muscles.

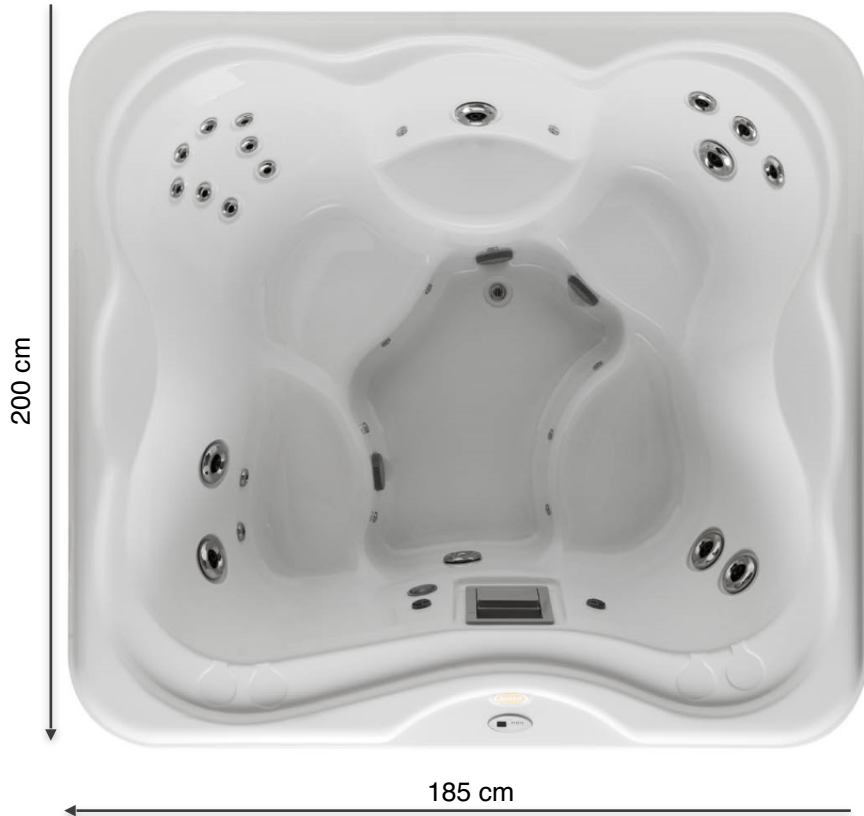

B Blower (14)

Benefit High amount of soothing bubbles for effervescent effect.

Coming your way

LODGE L

LODGE M

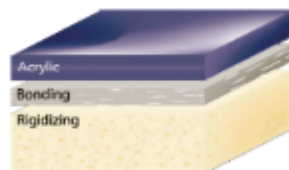

LODGE S

Back Up

INCLUDED TriFusion™ Shell

WHAT IS IT? A proprietary acrylic, vinylester and polyester laminate process that makes every Jacuzzi hot tub shell eight times stronger than ordinary fiberglass hot tub shells.

- ADVANTAGES**
- Eight times stronger hot tub shell
 - Vinylester layer: superior bond strength
 - Polyester layer: greater flexural strength
 - Insulation value: greater heat retention
 - Closely-monitored mixing process

- BENEFITS**
- Long-term beauty
 - Durability
 - Higher quality

INCLUDED ProPolymer™ Foundation

WHAT IS IT? A sealed pan that provides a solid foundation and is impervious to moisture and insect damage. The rugged, one-piece construction seals-out moisture and cold air to lower energy costs.

- ADVANTAGES**
- ABS base will never rot or decay
 - Never requires paint or stain
 - Impervious to insect damage
 - One-piece pan seals-out moisture, cold air
 - Protect against insect infestation

- BENEFITS**
- Durability
 - Maintenance-free
 - Lower energy costs

INCLUDED

Insulating cover

WHAT IS IT?

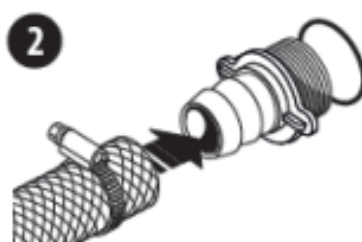

Every Jacuzzi hot tub features a premium grade insulating cover designed for maximum heat and moisture retention. Child-proof locks provide an important safety barrier for unauthorized access to the hot tub.

BENEFITS

- Gasket locks-in heat and moisture
- Keeps dirt out for longer life
- Marine-grade vinyl, resists tearing, fading for long-term beauty
- Sealed liner keeps core dry; cover light for easier handling
- Child-proof locks prevent access to hot tub for enhanced safety

TIPS

- Cover always the hot tub after use
- Use the locks to protect the hot tub

INCLUDED

QuickDrain™ Complete Drain™

WHAT IS IT?

An exterior fitting that drains the hot tub faster and more completely than a garden hose.

ADVANTAGES

- No equipment access needed
- Connect to a large drain hose

BENEFITS

- Easy to drain
- Fast drain
- Less water left over

LODGE S

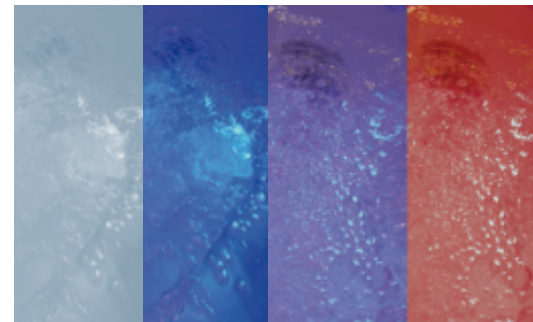

~ 12'

LODGE M

~ 20'

LODGE L

~ 25'

INCLUDED

Control Panel

WHAT IS IT? A top side control panel that gives the user an easy to read interface to operate the hot tub.

- BENEFITS**
- Easy to reach touch pad
 - Water temperature always displayed
 - Keylock option

- TIPS**
- The control panel can be installed also towards inside

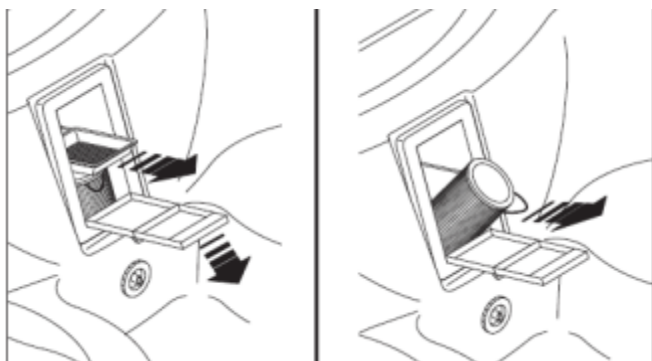

INCLUDED

Led Lighting

WHAT IS IT? Thanks to the innovative LED digital lighting system, it is possible to enhance the regenerating effect of the water with an infinite combination of colours. All of the lights used in our hot tubs utilize LED technology to produce more light per watt than incandescent bulbs. They also last longer and cost less to use than other types of bulbs.

- BENEFITS**
- Sets mood (see next slide)

INCLUDED	Led Lighting
WHAT IS IT? 	Cromodream® This cycle allows you to experience the entire colour range - colours appear in complimentary fashion, merging from one colour to the next, providing complete satisfaction.
	Sunlight A colour trio (yellow/orange/white), with short interspersions of sky blue and violet, reminiscent of the beneficial effects of solar light; yellow alternated with violet uplifts mood and improves general physical balance.
	Relax Formed of the following colours: blue/orange/sky blue/white Relieves stress and encourages relaxation; the orange hue offers warmth in this sequence composed primarily of “cold” colours.
	Fixed colours You can also choose from the following colours, which appear in stable fashion: white, light blue, orange, yellow, green.

INCLUDED Standard filtration

WHAT IS IT? The cassette skimmer guarantees high performances in capturing surface impurities.

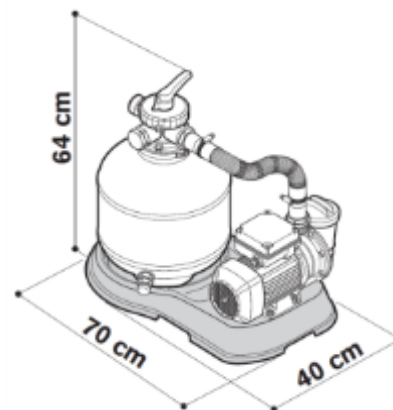

The paper cartridge filter ensures maximum filtration for maintaining water quality and purity using fewer chemicals.

BENEFITS

- Easy filter access and removal
- Large opening

TIPS

- The paper cartridge must be cleaned regularly

OPTIONAL Performance Spa Pack

WHAT IS IT? Professional filtration made of a pump + quartz sand filter. Sand is not included.

BENEFITS

- Requires less maintenance compare to the traditional cartridge filter
- It is installed outside the hot tub.

TIPS

- The sand should be checked once a year to avoid agglomerates.
- The sand should be changed once every 3-4 years.

Before

After

OPTIONAL

CLEARRAY™

WHAT IS IT?

It is a state of the art technology that sanitizes the water through the use of ultraviolet light.

CLEARRAY sanitizes 99% of all contaminants instantly. Because is so effective the amount of chlorine in the water can be reduced by 52% compared to industry standard ozone.

BENEFITS

- Cleaner Water, Less Maintenance
- Less odor, Softer skin
- Save Money

TIPS

- Replace the bulb once a year

To complete your SPA

code 890010780

Covermate

WHAT IS IT?

Cover lifter fixed on the floor

BENEFITS

- It helps the positioning, lifting and flipping of the tub cover.
- Easy to install.
- Towel holder.

TIPS

Compatible with freestanding installation only.

code 890010610

ProEndure™ Silver wood stairs

WHAT IS IT?

It is a one step stair that helps you sit on the spa rim and entering

BENEFITS

- For entering and exiting your tub easily and safely.

TIPS

- Thanks to the LED Lighting (included) it is safe also in the dark

The **heating systems** allows you to relax in all seasons, in any weather.
You can choose between: **Electric heater** or **Heat exchanger**.

Electric heater 2 kW

WHAT IS IT? An heating element that is placed in direct contact with the circulation water for maximum heating efficiency.
This device converts the electricity from the mains into thermal energy, therefore all you need is water supply and socket.

BENEFITS You can choose and select your power to better meet your needs.

TIPS **OPTIONAL +6kW**

Heat exchanger

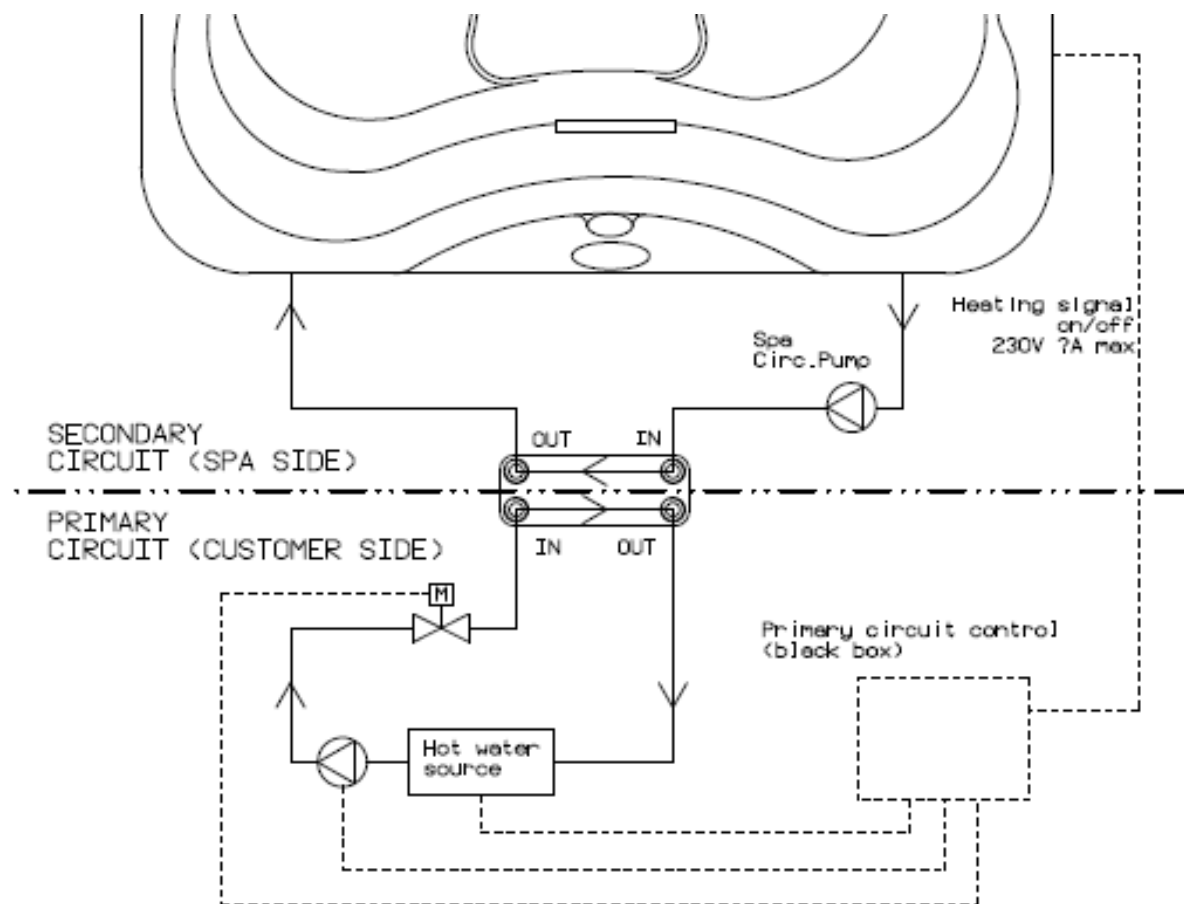

WHAT IS IT? A stainless steel heating element that is placed in direct contact with the circulation water for maximum heating efficiency.
The water in the hot tub is channeled inside it, where it meets the heat originating from a boiler, a heat pump or a solar panel system. Without mixing with it, it exploits its temperature to heat up. Once it has left the heat exchanger, the water returns to warm it up.

BENEFITS Efficient, rapid and cost-effective

LODGE

Heat Exchanger Diagram

HEAT EXCHANGER

- Primary Inlet MAX temperature 50 °C
- Connections 3/4"
- Primary circuit flow rate 38 l/min
- Primary pressure drop 0,271 M H₂O

LODGE

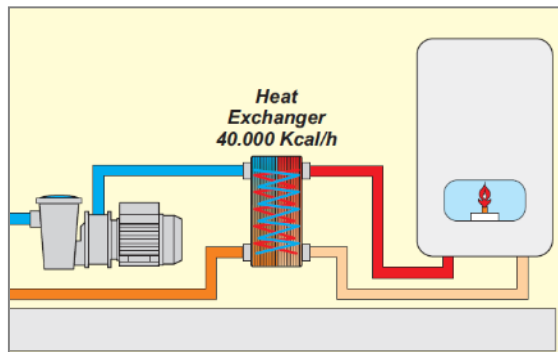

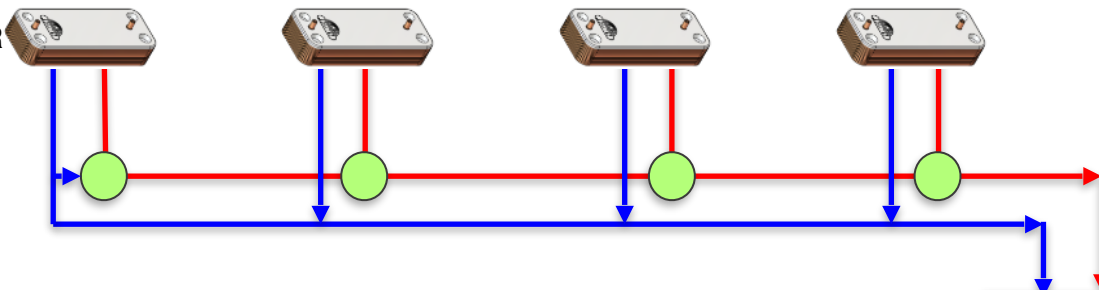

Hotel Iberostar Jardin del Sol Suites - Spain

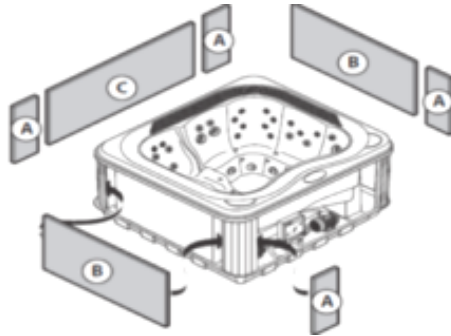

HEAT EXCHANGER

ELECTROVALVE

HOTEL control room:

- Temperature control
- Individual control of each hot tub

OPTIONAL Winter Pro Kit

WHAT IS IT? An optional insulation wrap made of polyethylene expanded foam, that reduces operating costs.

- BENEFITS**
- Reduces heat loss
 - Reduces equipments noise
 - Protect from moisture
 - Save money

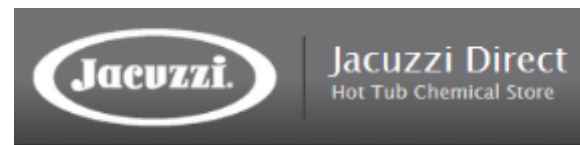

OPTIONAL Synthetic cabinet - Silverwood

WHAT IS IT? The synthetic cabinet combines the beauty of natural wood, with the maintenance-free qualities of durable, UV-resistant thermal plastic.

- BENEFITS**
- Synthetic: no sanding, staining or sealing
 - Impervious to weather or insect damage
 - UV resistant; colorfast

All the products you need to keep your hot tub water pristine clean.

Code 223101060	Acticlean Magic Ball
BENEFITS 	Reduces organic material and neutralises odours.
Code 223103230	Surface Cleaner (1 liter)
BENEFITS 	Highly effective liquid cleaner specific for removing oils and greases from the tub surface
