SASHA

"The Sasha Jacuzzi® is a veritable **spa** dedicated to the well-being of body and soul. Designed for the **residential sector**, thanks to its **minimal aesthetics** emphasised by **prized materials and finishes**. The simple shapes and volumes are able to **blend in with the surroundings** in a discreet and refined way, combined with the simplicity of a technological interface in sync with the mindset and rituals of whoever uses it. Sasha represents a new concept of comfort that transforms a space into a dimension that is intimate one minute and shared the next, very much in line with **the atmosphere found in a professional spa**, where one can enjoy a unique and all-embracing experience for body, soul and mind. The goal was to give substance to the daily desire to regain balance through the most positive and natural emotions."

Alberto Apostoli, architect

Sauna

The most prized **solid wood, chromotherapy** and set-up for **cable radio** as standard, to choose the colours and tunes of your well-being. Fitted with **two benches**, one of which removable, a wooden **pail** and ladle, **thermo-hygrometer**, hourglass and **touch controls**, to enjoy the professional benefits of a modern spa.

Programmes

- **Biosauna:** 60°C - humidity of 30-35%
- **Roman Sauna:** 70-75°C - humidity of 20-25%
- **Finnish Sauna:** 90°C - humidity below 12%

Emotional shower

Double rain-effect shower head, **water blade**, emotional shower with **3 jets, spray mist and chromotherapy** activated from a dedicated touch panel complete the prestigious cycle of the Jacuzzi® home wellness solution.

Programmes

- **Cold mist:** very fine spray mist, almost velvety, ideal for a cool or cold shower
- **Light rain:** rain-effect jet, with medium-sized droplets and cone-shaped spray
- **Tropical rain:** stronger and more energetic jet with "massage" effect

Hamam

Light with variable colours and prized furnishings, as in the best and finest spa: bench, wall panelling and water fountain are in white **Corian®**. Versatile equipment, with water fountain **hand shower** and rain-effect shower head to cool off after a steam cycle, as well as to use the Hammamas a shower.

Programmes

- **Tepidarium:** ~38°C – medium humidity
- **Hamam:** ~40°C - high humidity
- **Calidarium:** ~42°C - high humidity

SASHA: VARIOUS COMBINATIONS FOR BESPOKE WELL-BEING

Versatile and modular to accommodate everyone's specific space, style and well-being requirements: this makes Sasha a unique and innovative solution. In the full optional version, it consists of three modules: sauna + emotional shower + hammam, which can be used separately or combined to achieve different configurations that can be adapted to any space.
