La materia di **Città di Faenza** è proposta in una sola finitura glossy, lucida e brillante, nel formato Geo 15x15 e anche nel formato listello Geo 7,5x15. I colori vividi e vibranti della collezione riprendono l'intensità dei pigmenti che hanno colorato il passato e che hanno lasciato alla creatività lezioni cromatiche esemplari. La superficie si distingue per l'effetto craquelé che con il suo leggero intreccio di screpolature e crepe arricchisce l'impressione estetica della collezione.

EN The Città di Faenza material is available in a single glossy, polished and shiny finish, in both the Geo 15x15 size and in the Geo 7.5x15 strip tile size. The vivid and vibrant hues of this collection are inspired by the brightly colored pigments used in the past, which have taught us important lessons on how to use color creatively. The surface has a distinctive crackle effect which, with its fine pattern of dense cracking and fissures, adds to the aesthetic appeal of the collection.

GENERAL SALES CONDITIONS

1. Contractual regulations

These general sales conditions, save any modifications or variations agreed upon in writing, govern all sales contracts between us and the purchaser, thus including the contract concluded with the acceptance of the order as well as any future contract related to the supply of our company's products ordered with subsequent and distinct commissions. Any variations on the general sales conditions, offers, transactions, credits or allowances, agreed with our Agents or other intermediaries are not valid if not accepted in writing by our Head Office and are in any case limited to the contracts to which they refer. This order is in fact to be considered as an order proposal in every respect.

2. Subject of the supply

The supply includes only the services, materials, and quantities specified in our acknowledgment of order or in other written communication sent by us. Should there be any differences in the offer or order, our acknowledgment of order is to be considered the only valid document.

Partial processing of the order without our acknowledgment does not mean that we have approved the complete order, but rather partial acknowledgment relative to the goods delivered. In this case, reception of the goods shall be equivalent to acceptance on the part of the purchaser of the new contractual provisions. If not stated otherwise in the order proposal, it is to be understood that the thickness of the material being the subject matter of the supply, will be the normal thickness, which means NO SPECIAL THICKNESS, with respect to details contained in our current catalogue and price list.

3. Acknowledgment of order

Should there be any differences in the single items in our acknowledgment of order with respect to the agreements or orders, the buyer who has not made a claim by registered letter sent within ten days from acknowledgment receiving shall be obliged to accept the acknowledgment as it is.

4. Deliveries

The goods, even if sent freight-paid or free delivered to the buyer's premises, travel at the risk and responsibility of the buyer; all our responsibility ceases upon delivery of goods to the carrier. After the buyer has inspected the goods, any claims should be made to the carrier. The request for the goods to be made ready, subject always to their availability when the order is made and subject further to the provisions set out in Point no.1, shall not be made within a period less than three working days from the receipt by ourselves of the order itself. Shipments by sea or by land regarding supplies abroad are made on the basis of the conditions chosen for each specific case as specified in the "INCOTERMS" approved by the International Chamber of Commerce in 1990 and subsequent.

5. Terms of delivery

The delivery date established must be mutually acceptable to both parties. Unless specific clauses are introduced, this date is to be considered purely indicative and not binding. In the event that the contract is modified, the delivery date is extended for a period equal to that initially agreed upon. Should any event caused by force majeure occur, the terms of delivery are suspended for the entire duration of said event. If, as a result of events of force majeure, the contract cannot be executed within 60 days of the date agreed upon, both parties shall be entitled to withdraw from the contract. In such case, the declaration of withdrawal must be sent to the counterpart by registered letter with return receipt within 10 days of the expiry of the aforementioned 60 days, and any indemnity or compensation is excluded.

6. Payments

Payment is to be remitted to our registered office in CASTELLARANO (RE, Italy), even if bills of exchange or bank drafts are issued; any variation to the aforementioned shall be valid only if approved by us in writing. Delayed payment, even if only partial, of our invoices beyond the stipulated due date, shall entitle us to the immediate charge of interest on arrears in the order of the official rate increased by six points. Non-payment or delayed payment of our invoices - for any reason whatsoever - gives us the indisputable right to demand advance payment for the remaining supply, without prejudice of any other action, or to consider the contract suspended or annulled, and to annul the practice of any other contracts that may be in force, without giving the buyer the right to any type of refund or compensation for damages, or other

7. Solve et repete

No exception, save that of nullity, possibility of annulment, or rescission of the contract, can be posed by the purchaser with the purpose of delaying or avoiding payment.

8. Retention of title

In the event that payment, by contractual agreement, is to be remitted - in whole or in part - after delivery of the goods, the products delivered remain our property until complete payment of the total amount due is made.

9. Guarantee and relevant arbitration clause

Our products are guaranteed to be in compliance with the UNI-DIN-EN standards in force. Our guarantee is limited to first choice material, with a tolerance of approximately 5% (five percent). Any guarantee against defects is thus expressly excluded for second or third choice or stock material and the special sales lots.

The Iris Ceramica collections are materials subject to variations in colour and/or vein, as they are natural and human products. These items, sold, seen and agreed, are featuring high value characteristics in regard to the colour and/or vein alternatives of the different pieces. We are responsible only and exclusively for polishing and smoothing carried out in our plants. Check and mix the material before laying. Claims are not accepted for materials that have already been laid. Any claims must be made, on pain of forfeiture, by registered letter sent to our registered offices in CASTELLARANO (RE, Italy), before the materials are laid and in any case according to the terms of the law. Once the material is laid, any claim for defects either obvious or hidden is no longer valid, and the guarantee is to be considered explicitly invalidated according to art. 1490 of Italian Civil Code. Any differences in colour shades cannot be considered as material defects.

IN ANY CASE, OUR GUARANTEE ONLY INCLUDES THE REPLACEMENT OF MATERIAL FOUND TO BE DEFECTIVE WITH THE EXCLUSION OF ANY FURTHER OR DIFFERENT OBLIGATION. Claims made on defective material do not give the purchaser the right to suspend or delay, in whole or in part, the payment within the stipulated terms, according to article 7. Any dispute arising in respect to the seller's, GranitiFiandre's product and its guarantee thereof including, but not limited to, damages which are not settled peaceably between parties shall be submitted to Independent arbitration. The arbitration proceeding shall be held before one arbitrator. The arbitrator shall be appointed and the arbitration proceeding shall be conducted in accordance with rules and regulations of the Arbitration Board, the ("Camera Arbitrale"), located at the Centro Ceramico of Bologna, Italy. All proceedings shall be conducted at the Centro Ceramico. All parties unconditionally accept the provisions of this paragraph and agree not to contest its validity.

10. Prohibition to export

Excepting other agreements, the purchaser is prohibited to export our materials supplied to him, or to transfer them to companies or persons with the object of exportation.

11. Arbitration clause

Except for disputes arising from payment and from the relative monetary actions or in ordinary legal proceedings which remain the competence of the Italian legal authorities, or for those stated at point 9, any other dispute arising from the conclusion and/or execution and/or interpretation of this contract will be referred to a Board of 3 Arbitrators, with one arbitrator nominated by each party and the third by common consent, or in the event of disagreement, by the President of the C.C.I.A.A. (Chamber of Commerce) of Reggio Emilia (Italy) upon request of the most diligent party. The party that intends to begin arbitration proceedings must notify the other part by registered letter containing the name of its chosen arbitrator and his acceptance. The other party must nominate its own arbitrator within fifteen days of the date on which the registered letter is received, and the relative acceptance within the term indicated. In default, the first party shall be entitled to request the nomination of the second arbitrator by the President of the C.C.I.A.A. (Chamber of Commerce) of Reggio Emilia (Italy). The arbitrators shall decide according to the law and respecting the principle of cross-examination. The award must be decided upon within 90 (ninety) days from the date of acceptance of the last arbitrator. The arbitration site shall be Reggio Emilia (Italy).

12. Validity of each condition

The aforementioned general sales conditions are not to be considered in any way clauses of form. These conditions are effective to all intents and purposes and faithfully represent the contractual will of the parties. The purchaser declares his specific approval according to art. 1341 of the Italian Civil Code, after have carefully read the conditions stated in articles 1, 2, 3, 4, 6, 7, 9, 10, 11, 12.
